

CASE STUDY

Blue Sky Airport Parking

Phoenix, AZ

Blue Sky Airport parking serves Sky Harbor International Airport in Phoenix, Arizona. With close to **1,500 spaces**, Blue Sky is the largest near-airport facility and offers covered and uncovered parking. With customer service modeled after five-star hotels, Blue Sky parkers are pampered and everyone treated like a VIP. Each customer is greeted as they enter, directed to the closest most convenient parking space and then are picked up right where they park by our shuttle with our drivers collecting and loading their luggage then swiftly delivered to their terminal. Every customer is given a parking space reminder card so that they can be brought directly to their car when they return.

- Blue Sky is the only near-airport facility located on the south side of Sky Harbor International Airport, giving us a competitive edge over much of the competition.
- The entire parking deck is made from eco-friendly concrete—no cracks or potholes and concrete does not radiate heat from its surface—very cool.
- Each car that parks at Blue Sky gets a coupon for a free cookie at Paradise Bakery's airport shop when they enter AND upon return gets a coupon for a free car wash at a local car spa.
- The facility is secure—8' fence around the perimeter and closed circuit cameras view the entire area.
- Blue Sky Airport Parking is the number 1 near-airport facility according to YELP.com reviews—check it out.
